Q: What is the minimum CGPA to maintain a scholarship?

A: Merit scholarships require CGPA ≥ 8.5 (Tier 1), ≥ 9.0 (Tier 2), or ≥ 9.5 (Tier 3) at the end of each academic year. CGPA is reviewed annually and scholarships are renewed accordingly.

Q: How is CGPA calculated?

Q: Can I improve my grade after passing a course?

A: Yes. Grade Improvement Examination is allowed once for up to 2 courses per programme. The higher of the two scores is considered. Grade improvement is not allowed for final-year project or viva.

Q: What happens if I fail the project viva?

A: Students failing the final-year project viva may resubmit within the same semester or appear in the supplementary viva conducted within 30 days. A maximum of 2 viva attempts are permitted.
